First Day at Camp W!

By Jack Delman

Today, July 1st was the first day of Camp W. There are lots of fun and new activities that have been added to the camp since the last time some of us were here, but obviously, there are many activities that remain from last year. Some new activities are Camp Yearbook, which is similar to the Camp Newspaper, except its making and writing a

yearbook online. Some more activities are Kite Flying, "Slime Slime All the Time," and Remote Control Cars. All of the titles for them are pretty self-explanatory, but they are all great ways for little kids to have fun at camp. But as I said, there are still some of the old activities that remain here, such as Computers, Camp Newspaper, Camp Show, and

other fun activities! Many of the counselors from last year have also returned, but there have been some new counselors that have recently joined the team.

Another unique thing that Camp W has is the introduction of C.I.T.'s, which is short for a Counselor In Training. Of course, I have my fair share of favorite choice periods. The ones that I am choosing for the first couple of weeks are Computers, Camp Newspaper, and Camp Yearbook! My preferred choice periods from the time that I have been at

Camp W would be Computers and Camp Newspaper because I enjoy coding and doing lots of things online. I believe that writing can be enjoyable. I am so excited to see all of the rest of the activities that Camp W has to offer, and I can't wait for you to experience them as well.

Storm Can't Stop Thriving Camp!

By Braydon Cohen, Aiden Dearborn, and Robert Schreiber

Floods of rain, pounds of hail, and howling wind. That may be enough to knock down the tent, but not strong enough to knock down the Camp W spirit. July 1st was a regular day, with everyone having fun as usual. Even though our tent was down, we were able to continue all of our activities. Unfortunately, other factors were affected by the storm. The Dix Hills Pool lost its power, so the swimming periods were shortened. There were even reports in Islip (a town on Long Island) of a tornado! Many houses too lost power, and trees fell down. In conclusion, the storm caused all those problems, but Camp W still held steady!

Camp Lounge

By Aiden Dearborn and Robert Schreiber

The camp lounge is a new edition to camp w, and it is incredible!! This room has all kinds of things. Like air hockey, TV's, Uno, and a gumball machine that you can use. They also have Netflix to entertain campers. It has been getting positive reviews by campers and staff. Some people say that it is better than the game room!!! A lot of people say that they like to watch Netflix shows that they love to watch at home. The camp lounge is an excellent addition to the Camp W's lineup of activities.

Interview with Andre

By Braydon Cohen and Frankie Parente

"Why did you want to work at Camp W?"

"The camp owner Evan is a very enthusiastic person and has a love for engaging youth. He is my boss for Bar Mitzvah bouncer and knew that any company he owns is ran correctly and positive."

What do you do during the school year?

"I am a chemistry teacher in Far Rockaway, Queens. This year we won first place in robotics. WOOWOOO!"

Steve Max

Simon Sez Guy

By Jack Delman

On the first day of camp, the first activity that we had after choice periods was Simon Says, hosted by the "Simon says god," Steve Max! All of the kids had an opportunity to participate and play Simon Says. They also held a little Girls vs. Boys competition, where the girls won. Steve Max is known for traveling all around the world, to NBA games, to schools, summer camps, and other exciting places! Many kids had the opportunity to participate, and even some counselors got the chance to participate. Steve Max definitely made the end of the day a good one, and the kids excited and happy. It was a perfect way to end an excellent first day.

Interview with Robbie

By Francesco Parente

F: How do you feel about camp?

R: I feel absolutely amazing at camp.

F: What is your favorite activity at camp?

R: My favorite activity at camp is Ga Ga Ball.

F: How long have you worked in camp?

R: This is my 3rd year at camp.

F: What you think about your group?

R: My group is super energetic and super wacky.

F: Would you recommended Camp W to other people?

R: A million times yes.

Note from The Staff of Newspaper !

Hello everybody! We hope you all have had an amazing first week of camp. We did so many fun things so far and it's only the first week! Our staff's favorite things so far have been the waterslide, silly sock day, the senior trip to Island Rock and getting to know all the new staff & campers here at Camp W. We are also excited about what is coming up like wild wild west day, the group performances, and all the fun trips we have planned. We hope you are as excited as we are! Hip Hip Horary for Camp W!!!

What is Coming Up Next Week 😊
